Description of Parent Involvement and Participation to Support Goals

Fox Hill Elementary strives to be a school community that is caring, collaborative, and committed to the success of all learners. Parent involvement at Fox Hill is of the utmost importance and the following tenets are considered in fostering our parent and school partnership:

- Communication with parents regarding school goals and information is important.
- Parental feedback is necessary for continuous improvement.
- Parent Volunteers support student success by building community and school spirit.
- All school partners are valued.
- Strong parent partnerships are necessary in order to assist our teachers and our children.

In order to keep families abreast of Fox Hill news, the Fox Hill Flash Informational is sent home monthly to all families. The newsletter includes a school message from the principal, academic updates, PTO information, school events, and school happenings throughout the month. Parents also receive school communication and reminders via ClassDojo and social media websites. Families are also able to provide feedback via these communication platforms.

Because of these goals, the PTO and Dad's Club work alongside school staff to support educational opportunities in the school as well as they help coordinate and promote multiple school community opportunities for families. Events include Ice Cream Social, Back to School/Parent Informational Night, Fox Hill Community Fundraiser Nights, Math and Literacy Nights, Reward Nights, Honors Celebrations, Veteran's Day/Dad's Club Breakfast, Fall Festival, IB Exhibition, Breakfast with VIPs, and Spring Open House.

Our Title One staff is a part of many of these community events and at least twice a year provides family involvement opportunities that are low-cost with an academic focus. Families have opportunities to participate in reading and math interactive activities with their students, learn tips for supporting instruction at home, and receive reading and math instructional materials for at-home learning.

Additional strategies used to increase communication and gain parent participation and input throughout the year:

- IREAD informational
- Monthly PTO Meetings
- Surveys for parents and students
- Parent compact review and submission
- Class and School Newsletters

Description of Stakeholder Partnerships and Programs to Support Goals

Fox Hill has many local partnerships and programs that support our goals for success and student achievement.

- St. Luke's United Methodist Church provides our school with many tutors who support teaching and learning in classrooms throughout the year.
- Student Success Club, an extended day program, is designed to incorporate additional interventions and tutoring time for 2nd and 3rd grade students in the areas of math and reading. Students are recommended by their teacher based on their reading and math data.
- School on Wheels is an after school program designed to provide one-on-one tutoring for students who are displaced or impacted by homelessness with the help of community volunteers.
- The before and after school program (AYS) has a homework time after school in which AYS instructors are present to help students with questions and provide additional help with homework if needed.
- Cummins Behavioral Health (Counselor and Life Skills Specialist)
- IUPUI Nursing Students support many classrooms and students by volunteering in the classroom to provide enrichment and/or remediation for students during the school day.
- Big Brother and Big Sisters of Central Indiana – mentoring selected students ages 8 – fifth grade.
- Oasis Tutors support students one on one with reading skills.

Attendance Data Monitoring and Goal

Fox Hill Elementary School will monitor the attendance of our students. We will monitor the overall attendance rate of the entire school population as well as individual student attendance rates and patterns. We will celebrate students meeting the definition of a "model attendee" or "persistent attendee." We will utilize school personnel such as social workers and administration to work directly with parents and students when a child's lack of attendance is impacting his ability to learn or has met the criteria of a habitual absentee. Our goal is to maintain a school attendance rate consistent with the IDOE definition of "model" or persistent attendance.

Priority Goal Summary and Decision Making Process

The following is a summary of the goals encompassed in this plan for the 2020-2021 school year. The details of each goal are available in the next section.

Priority #	Goal Statement
1	<p><u>Priority 1 Equitable Achievement</u> - Provide an equitable educational environment that inspires and empowers all students to increase their academic success as well as their social and emotional learning.</p> <p><i>Goal 1A: Improve academic growth for all subgroups and reduce the achievement gap for students of color in literacy</i></p> <p><i>Literacy: Improve academic proficiency for all subgroups, Asian - 1%, Black - 2%, Hispanic - 2%, White - 1%, Multi-Racial 1%, SPED - 2%, ELL - 2%, F/R - 2%</i></p> <p><i>Goal 1B: Improve academic growth for all subgroups and reduce the achievement gap for students of color in math</i></p> <p><i>Math: Improve academic proficiency for all subgroups, Asian - 1%, Black - 2%, Hispanic - 2%, White - 1%, Multi-Racial 1%, SPED - 2%, ELL - 2%, F/R - 2%</i></p>

	<p><i>Goal 1C: Decrease behavior disruptive to the learning as measured by office referrals in the areas of continuous class disruption, disrespect, and refusal to comply.</i></p> <p><i>Discipline: Students will reduce disruptive behaviors to the learning environment as measured by office referrals for continued classroom disruption, disrespect, and refusal to comply by 30%.</i></p>
2	<p><u>Priority 2 - Hiring & Retention of a High Quality & Diverse Staff</u> – Advance a District culture that values and affirms diversity</p> <p><i>Goal 2A: Pursue and implement strategies to hire faculty who better represent the community that we serve.</i></p>
3.	<p><u>Priority 3 - Partnerships</u> - Strengthen our partnership with students, families and community stakeholders to achieve our mission of academic success for all students.</p> <p><i>Goal 3A: FH will analyze family engagement feedback to determine areas of improvement by increasing the total level of parent and family participation in school programming as measured by the parent survey.</i></p>

Cultural Competency In order to improve the cultural competency of its teachers, administrators, staff, parents, and students, Fox Hill Elementary School will focus on the following three areas: discipline, cultural responsiveness, and response to instruction and intervention. Culturally appropriate instructional and behavioral strategies will be identified and monthly professional development will be provided to staff accordingly.

Decision Making Process

Fox Hill Elementary's decision making is based on a collaborative process and a shared leadership model. In times of new recommendation, optional change, or required resolution, staff and school committees are given the opportunity to share input. The administrative team values the input of staff and school committees and uses the feedback to make informed, final decisions. Some of Fox Hill's committees include the Instructional Leadership Team, Grade Level PLC Leadership Committee, Proactive Discipline Committee, International Baccalaureate (IB) Core Team, Safety and Emergency Response Team, and the Response to Instruction and Intervention Committee. Administration meets with all teams throughout the year to share information as well as to stay informed on various aspects of Fox Hill Elementary.

The two teams that support the overall Fox Hill Instructional Decision Making Process would be the Instructional Leadership Team and the Grade Level/Team PLC Leadership Committee. The committees together comprise a voice from each sector of the school which allows for valued input in school decision making. The Instructional Leadership Team meets weekly to ensure the mission and vision of Fox Hill are being followed. School goals, instructional needs, teacher

coaching, staff development, and responding to school data are some of the elements reviewed by the Instructional Leadership Team. The team also leads all professional development and reviews data of each student in the building with staff members at least 3 times throughout the school year, with more frequent check-ins for students/groups with higher needs. The Instructional Leadership Team is a committee that oversees Fox Hill from a wide vantage point and helps administration make instructional decisions that will positively impact growth and achievement for all Fox Hill students. The Grade Level/Team PLC Leadership Committee meets quarterly with administration to stay informed, provide feedback, and discuss team/school data, always keeping the school goals in mind. Discussion includes the goals for continuous improvement and how the school plans to meet our goals with check-ins and follow up throughout the year. Grade Level/Team PLC leaders also meet regularly with their own teammates in quarterly PLCs to discuss student progress and make decisions for next steps in support.

Fox Hill Elementary continues to make growth through the support of this collaborative and shared process for decision making.

Equitable Achievement Goal 1A

By 2024-2025, FH will improve academic proficiency for all subgroups, Asian - 1%, Black - 2%, Hispanic - 2%, White - 1%, Multi-Racial 1%, SPED - 2%, ELL - 2% as measured by NWEA Reading Proficiency.

Evidence-Based Interventions for Focus Area - E/LA

Describe the evidence-based intervention(s) that the school has identified to address the key findings and root causes for this focus area that are not sufficiently addressed by strategies from the core components:

Lexia

Lexia® Core5® Reading supports educators in providing differentiated literacy instruction for students of all abilities in grades pre-K–5. Lexia’s research-proven program provides explicit, systematic, personalized learning in the six areas of reading instruction, targeting skill gaps as they emerge, and providing teachers with the data and student-specific resources they need for individual or small-group instruction.

- Collaborate with Human Resources to apply the gender-bias analysis software to job descriptions prior to posting
- Appropriate staff will participate in recruitment opportunities posed by Human Resources
- Implement and train interviewers on behavioral interviewing process from Human Resources where appropriate
- Review and analyze applicant, interview process and hire data for diversity

Partnership Goal 3A

By the 2024-25 school year, North Central will analyze family engagement feedback to determine areas of improvement by increasing the total level of parent and family participation in school programming as measured by the parent survey.

Baseline Data (2019): 6% of WT families completed a parent survey. (FH%)

Using Results for Continuous Improvement

Description of Ongoing Data Review Process

Washington Township (WT) is committed to a process for continuous improvement that is well-defined and clearly articulated with measurable outcomes. The district acknowledges that our current best approach to improve and sustain student learning and achievement is through a systems approach that is inclusive of all entities and levels of our system. The district level, the school level, the division or department level, and the classroom, teacher, and student level must all align their collaborative efforts along with the parents and community in order to achieve high success over time.

The Quality Assurance (QA) System has been established to create an on-going culture of quality that permeates the district as well as creates an institutional memory of the best practices adopted by our School Improvement Teams, Professional Learning Community (PLC) Teams or district improvement program teams. In alignment with the district quality assurance process, WT will implement a process to regularly review progress on program action plans, instruction improvement deployment, and formative assessment results.

Description of Curriculum

MSDWT evaluates curriculum every six years in conjunction with the textbook adoption process. The goal of the program evaluation, curriculum/standards revision and textbook adoption cycle is to provide an educational program that enables all students to learn and achieve to the highest possible level. Additionally, MSDWT has developed curriculum/standards guides in special areas, elective areas and academic core areas of English/Language Arts, Math, Science, and Social Studies. The curriculum guides incorporate the most recent State Standards, district technology proficiencies and district media proficiencies and are reviewed annually.

Title 1 Schoolwide Components

Highly Qualified Teachers and Paraprofessionals (Title I Component 3)

2020-2021 Highly Qualified Teachers: All verification and supporting documents are filed at the Community and Education Center in the human resources files.

Highly Qualified Paraprofessionals (Title 1 Component 3)

2018-2019 Highly Qualified Paraprofessionals: All verification and supporting documents are filed at the Community and Education Center in the human resources files.

Strategies to Retain Highly Qualified Teachers (Title 1 Component 5)

In an effort to recruit and retain highly qualified teachers and administrators, the district uses a multifaceted approach. We dedicate a lot of time to the interview process. We take part in at least four university recruitment fairs as well as a job fair focused solely on minority teacher and administrative candidates. During these recruitment fairs, the district is represented by at least four administrators who spend the entire fair interviewing potential candidates.

The district also hosts its own recruitment fair in the spring of each year in order to showcase the district and attract top candidates. The local recruitment fair provides candidates with the opportunity to interview at a particular school of interest and meet and interview the administration from that building.

In addition, our principals provide the director of human resources with the names of student teachers who they believe would make strong teacher candidates, and the director screens each of the candidates to determine if he/she should become part of the pool that principals are required to interview before selecting a candidate.

New teachers attend a lot of professional development so that a clear expectation is established with new teachers as the district sees professional growth as a must. In addition, all teachers, who are new to the profession, receive a coach who works with the individual during the first year of teaching in an attempt to address many of the challenges that new teachers encounter. The coaches are retired master teachers who have the flexibility in their schedules to devote a lot of time to each individual teacher.

We also believe that outstanding teachers need to be fairly compensated, so we work diligently to provide a salary and fringe benefit package that is among the best in the State so that we can attract and retain the best teacher and administrative applicants available.

Transition (Title I Component 7)

1. Kindergarten Registration begins in February.
2. A Kindergarten Orientation is held in July prior to the start of school for students and parents. The orientation includes a tour of the school, a tour of the school bus, and a trip through the lunch line. Parents also have time with the teachers to ask questions about the beginning of school.
3. Ice Cream Social occurs at the beginning of the school year. Students/Families participating in this Fox Hill School Community event are able to see the school, the classrooms, and meet their teacher before school starts.
4. Reading and math activities are included on the website, so parents know what they can be working on prior to the start of the school year.

Transition Plans for 5th to 6th grade

1. Middle school materials are mailed to 5th grade families to include detailed information in February of each school year from middle school principals
2. 5th grade families are invited to attend Middle school Open Houses for incoming and current families
3. Parents are invited to attend Parent Curriculum Night in February of each school year
4. Students are administered assessments to determine math placement for middle school in February of each school year
5. 5th grade students visit middle schools in May of each school year
6. Incoming 6th grade students participate in orientation in August of each school year

Program Statement (Title I Component 10)

While the school has chosen to coordinate the program efforts, it will not consolidate program funds at this time.

Parent Compact

Fox Hill -2019-2020- Parent Compact

Families and schools must work together to help students achieve high academic standards. Through a process that included teachers, families, students and community representatives, the following are agreed upon roles and responsibilities that we as partners will carry out to support student success in school and in life.

Staff Pledge

I agree to carry out the following responsibilities to the best of my ability:

- *Provide a safe and supportive learning environment.*
- *Teach classes with an interdisciplinary and challenging curriculum that promotes student achievement.*
- *Motivate my students to learn.*
- *Create essential agreements and help every child be successful in meeting the Indiana academic achievement standards.*
- *Communicate frequently and meet as needed with families about student progress and the school - parent compact.*
- *Provide opportunities for parents to volunteer, participate, and observe in my classroom. Participate in professional development opportunities that improve teaching and learning and support the formation of partnerships with families and the community.*
- *Actively participate in collaborative decision making with parents and school colleagues to make our school accessible and welcoming for families.*
- *Respect the school, students, staff and families.*

Student Pledge

I agree to carry out the following responsibilities to the best of my ability:

- *Come to school ready to learn and work hard each day.*
- *Bring necessary materials, completed assignments and homework.*
- *Know and follow school and class rules.*
- *Communicate regularly with my parents and teachers about school experiences so that they can help me to be successful in school.*
- *Limit my TV watching, video game playing and internet usage during the school week.*
- *Read and study math facts every day after school.*
- *Respect the school, classmates, staff and families.*

Family/Parent Pledge

I agree to carry out the following responsibilities to the best of my ability:

- *Provide a quiet time and place for homework and monitor TV viewing.*
- *Read to my child or encourage my child to read every day (20 minutes K-3, and 30 minutes for grades 4-6).*
- *As a family, spend time on the activities/games that come home from the math curriculum as well as 10 minutes of math fact practice daily.*
- *Ensure that my child attends school every day and gets adequate sleep, regular medical attention and proper nutrition.*
- *Regularly monitor my child's progress in school.*
- *Participate, as appropriate, in decisions about my child's education.*
- *Attend parent-teacher conferences.*
- *Communicate the importance of education and learning to my child.*
- *Respect the school, staff, students, and families.*
- *Communicate to school office any changes with my contact information*
- *Read literacy/math newsletter each month*

Definitions

Quality Assurance Reviews

The principal will meet with the Teaching and Learning Division in three Quality Assurance Reviews annually to report progress on the School Assessment Measures as well as the Goal Action Plan. The principal will be provided feedback and offered support on progress towards achieving their goals.

School Assessment Measures – Definition

The School Assessment Measures represent the various assessments chosen by the district or the school to represent academic achievement and growth. The measures are chosen due to the correlation to state assessment proficiency or the district mission. The School Assessment Measures do not include routine teacher designed classroom assessments.

Goal Action Plan – Definition

The Goal Action Plan section of the School Improvement plan asks principals to select research based Action Steps and Instructional Strategies that, when deployed with fidelity will impact student performance. The principal is asked to measure teacher capacity and level of fidelity in district selected Action Steps and Strategies. And, the SIP team may select additional Action Steps.

Focus Area Goal: This section sets the level of deployment, fidelity, or level of classroom use for each goal.

Action Steps – Instructional Strategies refers to the identified way of delivering instruction and facilitating student learning within a given framework. Action Steps refer to the steps that are necessary to reach the goal. Schools may differ in their needed area of focus within a content area.

Resources/Professional Development Needed – This section outlines the professional development needs for the school. The information should include details such as the grade level and the type of PD (online, face to face, group, individual, by coach or through a workshop).

Target Date – The SIP team is asked to set a goal for completion of the goal – For example: By December of the school year, by the end of the first quarter, etc.

Evidence – The SIP team identifies the instrument that will measure the level of deployment, fidelity or level of classroom use – For example: Classroom Checklists, Walkthrough Checklist data, observation data from teacher evaluation data (aggregated and anonymous), reports reflecting usage of technology resources and student data, PLC notes and reflections, meeting logs, feedback from PD.
